Sh. N.K. Aggarwal
Chairman - Action TESA

Dear Friends,
May I take the opportunity wishing you all a very **Happy & Prosperous New Year 2018** ahead. We thank you for being our valued customers for years and hope coming year will further strengthen our relationship and our business venture will attain new heights.

Year 2017 had witnessed two bold & revolutionary steps viz. demonetization & GST Single Unified Tax on Goods and Services. Initial implementation phase saw too much of resentment, chaos and confusion amongst the masses which appeared later on. The roll out of GST imbibed mixed response from the various industries PAN India. Panel industry faced tough resistant from market due to falling 28% GST bracket. Thanks to GST council members for making panel industry eligible for 18% GST bracket, this effort infused relief in panel industry and was overwhelmingly welcomed as we saw unprecedented spurt in market demand.

Anticipating increased future market demand for MDF, Action TESA has yet again hit the bull's eye by introducing a new MDF Plant as a New Year gift to the Indian Panel Industry. The new MDF plant equipped with the world's most technologically advanced continuous MDF plant from European machinery giants Seimpelkamp GmbH & Co., Germany which is all set to start it's operation in January 2018. With this expansion Action TESA becomes the biggest MDF manufacturer in India having Annual Production Capacity of 5,11,000 CBM thus leaving no stone unturned in retaining No. 1 position in Panel Industry.

Last but not the least we sincerely appreciate your patronage and support in making us to retain India's No. 1 position in Engineered Panel Industry for the 4th consecutive time (FY 2017-18).

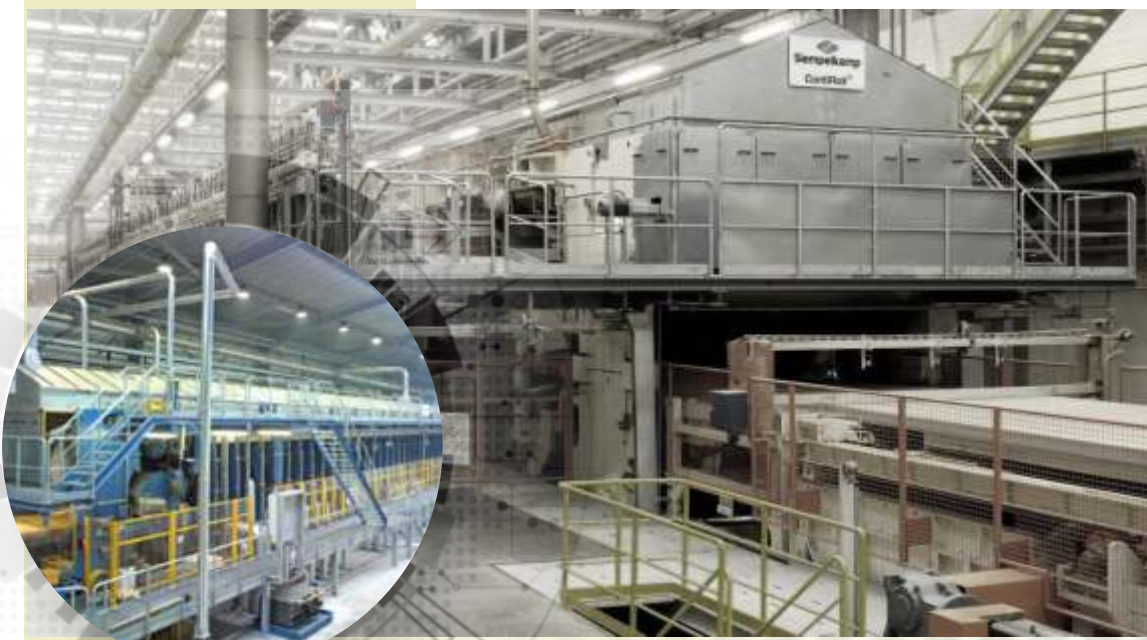

Sincerely Yours
N.K. Aggarwal
