TESA
FRENCH BLEED
FLOORING

Now another Premium Range of flooring shades “**French Bleed**” introduced from House of TESA. **French Bleed** Flooring is available in **8mm & 12mm AC3 & AC4**.

French Bleed is a beautiful staining technique intended to give the look of aged wood with dark, contrasting edges. This style works well in many décors but is often blended harmoniously with rustic & country cottage styles!

about TESA flooring

The very 1st Laminate Flooring manufacturing facility in India “**MADE IN INDIA, FOR INDIA**”. Action TESA Flooring is manufacture by Direct Pressure Laminated (DPL) flooring process where in the anti-abrasive aluminium oxide overlay along with the melamine impregnated decorative film is Directly Fused with the core substrate & the balancing film at the back. Action TESA is the 1st flooring manufacturer in India by forward integrating HDF from its own Plant.

The key to a perfect flooring solution is the “Locking Profile”, Action TESA Flooring Locking Profile is designed with multi spindled tool to render an double click locking system on the length & a single locking profile on the smaller width rendering desired locking strength/support. Action TESA flooring is More Weight Bearing & Longer Lasting.

Action TESA Flooring is Tropicalized to suite Indian climate. A Wax Coating on the locking profiles make the exposed area 100% water resistant making the product survive the humid conditions of a tropical climate & the age old floor cleaning methods.

Decorative paper is being imported from **Germany** to give color fading & staining warranty.
