**BOILING WATER PROOF HDF BOARD**

*Har Challenge Ke Liye Taiyar*

- **BOILING WATER PROOF**
- **FR GRADE RETARDANT**
- **ENVIRONMENT FRIENDLY**
- **HIGH LOAD BEARING**
- **TERMITE AND BORER PROOF**
- **HIGH DENSITY BOARD**
- **FUNGUS RESISTANCE**
- **TOUGHENED SURFACE**

## COVID -19 - TAKE STEPS TO PROTECT YOURSELF

wash your hands frequently

use soap

wear mask

avoid crowds

disinfect contact elements

avoid handshake

cover coughs and sneezes

# ACTION TESA HDHMR BOARD TRULY REPLACEMENT OF PLYWOOD

**Action TESA HDHMR Board** has been proved to be a "TRUE REPLACEMENT" of plywood. It has become the most preferred product in both home & office furniture segments over plywood.

**HDHMR Boards** has become a household name and has been appreciated by the elite fraternity of Architects & Interiors as well.

**TESA HDHMR** is not only tougher than any available plywood in the market but is also highly moisture resistant as well, which makes it a popular choice in extreme moist climatic conditions or areas. These boards are Termite & Borer Resistant which makes it a wise choice over plywood.

**TESA HDHMR Board** is manufactured using hardwood hence it's density is greater than any other products available in the market. Uniform density gradient & compact core gives it the best routing characteristics. This is achieved by using special German Technology.

Besides Plain **HDHMR Boards** & **Pre-Laminated HDHMR Boards** have also gained equal popularity for it being a ready to use panel which relieves you from the additional costs incurred in terms of workmanship, raw material, finishing & time.

Excellent performance of these boards has succeeded in overcoming the traditional myth regarding plywood pertaining to toughness & longevity amongst the masses.

**KEY APPLICATION AREAS:** Cafeteria Gyms Desk & Lockers Schools & Colleges Hospital Office & Residential Area Kitchen Shutter Furniture Where Risk Of Moisture Exists Door Shutters Packing Industry Partitions Outdoor Fixtures Like Election Cutouts Or Similar Application

This is just a beginning!

*Power of new technology*

<b>PLYWOOD</b> DENSITY around 650 - 750 Kg/m <sup>3</sup>	<b>HDHMR</b> DENSITY More then 850 Kg/m <sup>3</sup> resulting in better compactness and strength	 BORER RESISTANCE	 TERMITE RESISTANT	 WATER RESISTANCE
		<b>COST EFFECTIVE</b>	<b>DURABLE</b>	

## INTRODUCING

ACRYLIC

*Highly Scratch  
Resistance*

**PLUS<sup>+</sup>**

**CLEAR  
TOUCH**  
MATT FINISH

Keeping pace with growth and with a commitment to serve the rapidly growing interior industry, Action TESA add a new range of ACRYLIC PLUS+ in its to High Gloss Acrylic Surface MDF Board. इसी क्रम में कम्पनी प्रबन्धन ने विभिन्न प्रतियोगिताओं के आयोजन की भी जानकारी दी कि इस पूरे सप्ताह (०४ मार्च से १२ मार्च तक ) जिसमें सुरक्षा पोस्टर, सुरक्षा स्लोगन, सुरक्षा प्रतियोगिता एवं विचार गोष्ठी का भी आयोजन किया गया जिसमें कम्पनी प्रबन्धन की तरफ से विजयी प्रतिभागियों को सुरक्षा सप्ताह के समापन दिवस को पुरस्कार वितरण के साथ इस साप्ताहिक कार्यक्रम का समापन किया गया।

# TOWARDS ONE STEP FOR THE ENVIRONMENT

"Inspired by the motto of clean and green earth, we at Action TESA had initiated a drive of planting tree. We understand that tree plantation is one of the best things one can do for his nearby environment & the planet. It's no secret that trees help the environment, but one may really get surprised to know the benefits of tree plantation. Besides producing oxygen and consuming carbon di oxide and contaminants from air trees play a vital role in many social, economic, health and environmental benefits."
